

## ENGINEERING CONSULTING SERVICES

There is no substitute for knowledge when it comes to supplying the right replacement part for plant equipment. Many suppliers either manufacture parts that fit their own equipment or sell prefabricated parts. TEi applies extensive engineering knowledge and manufacturing experience in building replacement components that stand the test of time in the aggressive environment of a power plant. We provide all replacement parts for feedwater heaters, condensers, heat exchangers, moisture separator reheaters, and other heat transfer equipment found in power plants.

## SERVING OUR CUSTOMERS

TEi provides feedwater heaters for conventional fossil generation, solar, biomass, nuclear, IPP/NUG/Co-Gen technology and programs utilizing advanced cycle configurations. TEi facilities are dedicated exclusively to the manufacture of heat transfer equipment for power plant and process industries. Our organization's advanced programs ensure compliance with the highest quality requirements at our U.S. facilities and licensed overseas operations.

## CERTIFIED SHOP PER THE FOLLOWING:

9001: 2008  
ASME Section I & Section VIII Division 1 and Division 2  
Chinese Manufacturing License, PED, CRN  
National Board U, S, R  
Military Standards  
IOCFR—Nuclear Non-Safety Related

## AWARD RECIPIENT

SHARP (Safety & Health Achievement Recognition Program 2009–14)  
FM Global Manufacturing Award of Excellence 2009  
TECO Westinghouse Blue Diamond Award 2009

Deviation Management System tools to identify, record, analyze non-conformances and improve quality control system.

Design teams provide integrated product engineering, resulting in single-point responsibility for design and manufacturing

## JOPLIN, MISSOURI MANUFACTURING FACILITY

Equipped with sophisticated tooling necessary for the precise drilling of tubesheets and support plates. Large floor and lay-down areas eliminate assembly bottle necks and promote efficient material flow.

### SAFETY<sup>3</sup> PEOPLE. POWER. PROJECTS.

We're giving safety the third degree.

Babcock Power Inc. and its subsidiaries place the safety, health and security of our people at the core of our company values. Our team is our most valuable resource, generating solutions everyday to deliver safe, clean, reliable energy globally. With a keen focus on safety, Babcock Power Inc. conducts business in a manner that protects our people, our customers and the environment. From innovation to generation, we are proud of our award-winning safety record and are committed to operating with integrity and excellence.

## FULL RANGE OF HEAT TRANSFER COMPONENT SERVICES

- Feedwater heaters
- Surface condensers
- Moisture separator reheaters (MSRs)
- Heat exchangers
- Engineering & field services

## WE SUPPLY SUCH COMPONENTS AS:

- Covers
- Diaphragm plates
- Expansion joint belts
- Expansion joints
- Gauge glasses
- Gaskets
- Hoses
- Manways
- Nuts & bolts
